Dear Friends and Family of the Mini-Motocross Rider,

We at the Maui Motocross Association have seen a great growth of young riders in the past year. The numbers of young riders under the age of 9 are at the highest that the club has ever seen. Many do not know that we have a Main Track and a Mini Track. The mini track is designed for the smaller bikes and new comers to the sport. It provides a safe and legal place to learn how to handle a dirt bike. It is also a place for children to learn how to interact with others. On race days we do something different from other sports, we give ALL the racers a trophy. Doing this we help build their confidence and everyone goes home happy.

Making improvements to keep the facility safe and still challenging is a constant challenge. Recently we have started to upgrade the starting area of the track. There use to be a dirt starting area with just a rubber band starting gate, but with the number of racers coming out we have decided to give the kids a real starting area. There has already been work done but more is needed to be done. A "Drop Starting Gate" is the goal for our mini track. Concrete has already been poured as a start, but we still need metal pipes and have they bent to fit, then fabricated.

We will be having a "FUN RIDE" fundraiser to help with the cost of these improvements. It's like a Fun Run or a Fun Walk just we are doing it motocross style. The participants will be riding to raise money to help fund this project. They will also be trying to win prizes by doing the most laps and who can do the fastest lap in their class.

The "FUN RIDE" will take place on Sunday May 23rd 2010 at 8:30am at the Mini Track. It's a free event, so we encourage you to come out and enjoy the day, and GET DIRTY WITH US.

Any monetary donation is greatly appreciated!

Mahalo
